

# All you need to know about **DORNERWORKS** **VIRTUOSITY CLOUD** to accelerate development

## **DW** **VIRTUOSITY** **CLOUD**

**AN INTERNET  
CONNECTION  
IS ALL YOU NEED  
TO DEVELOP PRODUCTS  
ALIGNED TO THE FACE™  
TECHNICAL STANDARD**

### **WHAT IS IT?**

Virtuosity Cloud enables you to quickly and easily develop software (applications or PCS) aligned to the FACE™ Technical Standard from any connected computer. Develop with teammates at multiple distributed locations, from your desktop or laptop, without requiring an embedded target or lab.

### **HOW DO I KNOW MY DATA IS SECURE?**

The security of your data is important to us. That's one of the reasons that we work with Amazon Web Services. AWS provides layers of data security designed to protect you and your customers' data. Read more about it here: <https://aws.amazon.com/security/>

### **HOW DO I START?**

Visit [dornerworks.com/virtuosity-cloud](https://dornerworks.com/virtuosity-cloud) to create and setup a cloud-based development environment. Your environment can be securely accessed from any connected computer.

### **DO I NEED A LICENSE?**

No, all this requires is a credit card or an AWS account. Use of Virtuosity Cloud is paid for on a per hour basis with no complicated licensing requirements. Use as much or as little as you want.
